

BETTERMENT OF MENTAL HEALTH

Veterinary Team Members Dedicate their Lives to Helping Others.
Paisley Paws is Here to Support Them.

COST SHOULD NEVER BE A BARRIER TO GETTING THE CARE VETERINARY TEAM MEMBERS DESERVE.

The Betterment of Mental Health Fund provides financial assistance to veterinary team members facing mental health challenges, helping remove financial barriers to care so they can focus on healing and recovery.

OUR MISSION: to transform mental health support for veterinary team members and significantly reduce suicide rates in the profession.

SUPPORTING VETERINARY TEAMS IN TIMES OF NEED

Financial Assistance for Your Well-Being

Paisley Paws is committed to supporting veterinary team members facing mental health challenges. Through the Betterment of Mental Health Fund, eligible team members can receive up to \$5,000 in financial assistance over 30 days. Payments are made directly to service providers, removing financial barriers so team members can focus on the care they need.

This fund is designed for veterinary team members experiencing a mental crisis where mental health care has been recommended or is necessary to enhance emotional well-being.
