ABOUT PAISLEY PAWS FOUNDATION

At Paisley Paws Charitable Veterinary Foundation, we believe no family should have to say goodbye to a beloved pet simply because they cannot afford care, and no veterinary team member should have to face hardship alone.

Through the Paisley Paws Angel Fund and Betterment of Mental Health Fund, we help remove financial barriers to veterinary care for pets and families in need while providing support to veterinary team members during times of personal and mental health crisis.

LIFE-SAVING, LIFE-ENHANCING PAWRTNERSHIP

No family should have to choose between their pet and their finances. As a Paisley Paws PAWrtner Clinic, your Paisley Paws Angel Fund becomes a lifeline for clients facing that impossible decision.

Every donation made to your fund is matched 20% by Paisley Paws, stretching each dollar further and keeping more pets where they belong: with the people who love them.

BENEFITS OF BECOMING A PAWRTNER CLINIC:

- Paisley Paws Angel Fund management through a 501(c)3, so donors receive full tax benefits, plus a 20% match on every donation kept entirely in your local community
- Recognition on the Paisley Paws website and promotion through our social media channels and national network
- Ready-to-use marketing resources, toolkits, and on-demand custom materials created by the Paisley Paws team
- A custom donation page and QR code to make giving simple for your clients and community
- Keep your current payment processing with no disruption to existing workflows
- Access to a real-time Paisley Paws Angel Fund balance dashboard and dedicated support from the Paisley Paws team
- The opportunity to save more lives, reduce hardship euthanasia, and deepen your hospital's community impact

PRO PLAN VETERINARY SUPPORT MISSION: A COMPASSION IN ACTION PAWRTNERSHIP

Pro Plan Veterinary Support Mission stands alongside Paisley Paws Foundation and our PAWrtner Clinics to ensure pets receive the life-saving, life-enhancing care they need, no matter the hardship.

Their support has also made the Betterment of Mental Health Fund available nationwide, so any veterinary team member in a mental crisis can access financial relief as they seek professional support, working toward a future where no one in the veterinary profession suffers in silence.
